To Whom It May Concern,

I would like to recommend to you Marly Driskell for babysitting or nanny services. We have employed her numerous times over the last year and a half as a babysitter for our two boys, who were ages 1 and 3 at her first visit. I am a particularly nervous mother and the boys had never been left with anyone besides immediate family at that time. Marly was not only wonderful with the boys, but also very patient with and understanding of my concerns. We had her come over a few times when we did not actually leave the house and she was agreeable to that, and she has always worked with us regarding any special concerns about the boys' needs.

My children, now that they are more accustomed to being left with a sitter, are always excited to see Marly and she always acts happy to see them. She is very good about following my requests regarding activities for the kids (even outside on hot days!), and she brings her own equipment and ideas as well. She has always been prompt and professional, and I am confident in her ability to handle whatever situations are presented to her.

I am glad to have Marly in my phone book and hope that we will for some time to come!

Sincerely,

Debbie B.
