To whom it may concern,

I have known Marly Higgins Driskell for sixteen years. Marly is a very kind, generous, loving person who has a special place in her heart for children. When I first met Marly, she told me that she wanted to become a Nanny and she is one of the few people I know from high school who actually accomplished her goal. She has become one of the most sought after and well respected Nannies in the Houston area.

In this day and age, parents are very particular about who we have in our homes, around our most precious, prized possessions, our children. Marly not only becomes the caregiver of your children, she truly cares about each person in the household. Marly provides the caliber of care that parents read about in books, but rarely find.

In addition to being a personal friend of mine, she has on occasion cared for my three boys, ages 8, 4, and 2. I know that Marly watched over them with eagle eyed attentiveness but at the same time allowed them to feel comfortable to play. Marly is a wonderful nanny and an asset to any family.
