

10/1/2014

To Whom It May Concern,

It is my pleasure to recommend caregiver, Marly Driskell, for the INA Nanny of the Year Award. Marly joined Mom's Best Friend Inc. at the beginning of 2007 and is still a registered caregiver with our agency. During her time at Mom's Best Friend, Marly has worked with several different families providing excellent childcare. Marly is our number one call for all Night Nanny jobs that arise. She is an expert in her field and every family raves about their experience with Marly once her assignment is complete. Marly has experience working with all ages of children and multiples. Marly has been placed through our agency as a permanent caregiver, temporary caregiver and a night nanny. We are more than confident when placing Marly with all of our families that request a professional, experienced caregiver.

Last year our agency asked Marly to give a presentation for National Nanny Training Day. She was asked only a few days prior to the event and really came through for Mom's Best Friend. Her presentation addressed becoming a night nanny, the duties it entails, and the type of care it requires to be an exceptional night nanny. Marly arrived early and she was more than prepared with a wonderful slide show presentation, hand-outs to all caregiver attendees, and she had props. The attendees had many questions and Mary answered them fully. She received so much praise from all of the caregivers in attendance for such a wonderful and informative presentation. I still get emails from caregivers asking about her line of work.

From an agency standpoint, Marly is a dream come true caregiver. She is responsible, loving, friendly, professional, reliable, and most importantly, she is a veteran caregiver. As a mom, I would be privileged to have Marly take care of my own children.

I would be happy to address any further questions you may have on Marly's behalf.

Sincerely,

A handwritten signature in black ink that reads 'Paula Mast'.
