To Whom It May Concern:

It is my pleasure to write this letter of recommendation for nanny services on behalf of Marly Driskell.

We did not have a newborn care specialist with our first child so we had no idea what to expect from a NCS when we decided to hire Marly for our daughter. However, after meeting Marly for the first time, my husband and I immediately knew we would feel comfortable having her in our home with not only our 3 year old, but also our infant and two dogs. In addition to providing us an abundance of information before our daughter's arrival, she also was very accommodating with our schedule and needs after our daughter arrived unexpectedly six weeks early. Looking back, I wish Marly had been with us for our first child; I am certain she would have helped ease the anxiety I felt at that time. She has such a calming presence with both parents and children.

When the time came for Marly to leave, we were so sad to see her go but it was not goodbye! Marly has continued to help us with any questions and concerns we have had. She is always available to chat with me and reassure me that I am not alone in our current journey of infant sleep training.

In short, we cannot say enough wonderful things about Nanny Marly, and we would certainly recommend her services!

Sincerely,

Neal M.
